### TOUR OVERVIEW

2025 Autumn Tour of Japan's Wild West focuses on the central and the Japan Sea side of Honshu Island. This 12-day journey takes you away from the popular but crowded tourist centres to travel in Japan's surprisingly pristine countryside in the gorgeous alpine fall foliage around the Japan Alps.

In addition to the Kamikochi and Tateyama Kurobe Alpine Route, which are two of the most naturally beautiful sites in Japan, the tour includes less-known locations in Toyama and Fukui Prefectures. In particular, the magnificent Eihei-ji Temple complex and Tojinbo Cliff are so culturally significant yet difficult to be accessed by cookie-cutter style tours. They are sure to capture the imagination of any Japan return visitors. This unique Japan tour is suited to people who love the outdoors and authentic experiences.

The 2025 Autumn Tour of Japan's Wild West starts in Tokyo and ends in Kyoto. If you are a first-timer to Japan, we recommend you spend extra time before and/or after the tour and explore these most popular cities.

\*Accommodation will be as planned below or similar.
